

Privacy Notice and Use Policy S4S Students for Safety

This privacy notice discloses the privacy practices and use policy for CAPSOLNotes S4S application. This privacy notice applies solely to information collected by this application.

When accessing the application, Students for Safety (S4S) loads anonymously. User identifiable information is not gathered nor stored using the S4S program. A specific location code or school code must be entered to enable the application. Location Services must be enabled to ensure the user is in the appropriate customer location. No personal information or data is collected

When chatting or transmitting tips, user information is anonymous. Chat users are only identified if the user submits a chat with contact information requesting communication. Tip transmission is anonymous unless it is sent with contact information requesting communication or intent to be identified.

Use

Users acknowledge by downloading this product that this application uses data to increase life safety. Tip are evaluated for content so appropriate action can be taken.

Users that submit erroneous or false information, data meant to harm others, or information meant to cause confusion will be removed from the system and blocked from any future use.

Cookies

We use "cookies" on this site. Use of cookies allows your location or school code to populate the location on the mobile device connecting you to the proper database. Cookies are not linked to any personally identifiable information on our site.

Sharing

We do not share any information of any kind to any company for the purpose of advertising or marketing.

User accepts all liability with the use of this product. If under 18 years of age, user MUST receive parental approval for use.

If the terms of this policy are unacceptable, please do not install or use this program.
