

The **simple solution** for dispatching reliable notifications when

## PRIVACY MATTERS

### WHY DON'T USERS WANT TO REGISTER FOR A NOTIFICATION SYSTEM?

People don't want to register for a notification system or load an app that requests personal information like a name, cell phone number or email address to register. Doing so opens the door to telemarketers, scams and identity theft. ***No one should be required to give away personal information.***

CAPSOL'S **INSTANT MOBILE ALERTING™ (IMA)™** provides an instant communication system in any language ***without collecting personal information.***

IMA Operates at speeds

**10 TIMES  
FASTER**

than traditional methods

**DATABASE TO MAINTAIN  
PRIVACY ISSUES**

**Users simply enter your code in the IMA™ app  
and instantly receive messages**

- ✓ Messages of all types and languages can be sent
- ✓ No user information is collected or stored
